PROFESSIONAL SUMMARY

Frontend-focused Software Developer with 4+ years of professional experience developing and maintaining production web and mobile applications. Skilled in React, Next.js, JavaScript, TypeScript, responsive UI development, REST API integration, application state handling, debugging, and production support. Experienced in translating product requirements into user-facing features, improving existing interfaces, and collaborating with backend developers and product stakeholders in small teams.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, UI Components

Integration & Workflow: REST APIs, API Integration, Application State, Postman, Git, GitHub, Figma, Debugging, Testing, Production Support

Additional: React Native, LINE LIFF, Node.js (code reading and API troubleshooting), Android Studio

PROFESSIONAL EXPERIENCE

BTY Marketing | Software Developer (Frontend-focused) | May 2022 – Present

- Develop and maintain responsive customer-facing web applications, internal administration interfaces, and mobile application screens using React, Next.js, JavaScript, and TypeScript.
- Build API-connected interfaces, forms, dashboards, tables, filters, and booking workflows; handle loading and error states and troubleshoot integration issues.
- Collaborate with backend developers and product stakeholders to clarify requirements, refine UI/UX and user flows, and deliver iterative feature improvements.
- Maintain existing production features, investigate bugs, test user flows, and resolve issues reported by internal teams and users.

SELECTED PROJECTS

Broadpang — Chrome Extension & Web Application | 2022–2024

- Took over an outsourced Chrome Extension, traced legacy JavaScript/HTML/CSS code, fixed defects, and supported ongoing maintenance.
- Built user-facing web interfaces with React, implemented responsive pages, integrated REST APIs, and improved screens based on feedback.

Zonepang — Customer Platform & Admin | 2024–Present

- Developed customer and back-office interfaces with React, Next.js, and TypeScript, including dashboards, forms, data tables, filters, pagination, and API-driven workflows.
- Worked with the product team on UI/UX refinements and addressed production issues and usability feedback.

Badminton Booking System — LINE LIFF | 2025–Present

- Developed mobile-first booking and admin interfaces covering time-slot selection, memberships, QR payment screens, reservation status, history, and management workflows.
- Contributed to UI/UX and user-flow discussions; integrated REST APIs and tested booking/payment interactions.

EDUCATION

B.Sc. Software Engineering | Burapha University, Faculty of Informatics | 2018–2022 | GPA 3.18/4.00

ADDITIONAL EXPERIENCE & LANGUAGES

A-HOST / Academy of Advanced Services | Cooperative Training, Assistant Software Professional | Dec 2020–Sep 2021

Languages: Thai (Native), English (Intermediate)
